

PROJECT PROGRESS REPORT

**PREPARED FOR THE ALASKA ENERGY AUTHORITY BY
THE ALASKA CENTER FOR ENERGY AND POWER**

PROJECT TITLE: *Round 2: Emerging Energy Technology Fund – Data Collection*

REPORTING PERIOD: 4th Quarter 2017

DATE OF REPORT: January 24, 2017

GRANT RECIPIENT: Alaska Center for Energy and Power
University of Alaska Fairbanks
P.O. Box 755910
1764 Tanana Loop, Suite 404
Fairbanks, AK 99775

Anchorage office:
1901 Bragaw Street, Suite 301
Anchorage, AK 99508

EETF Round 2 Projects

Air Source Heat Pumps, CCHRC

This project has reached completion.

Trans-Critical CO₂ Heat Pump, Alaska Sea Life Center

This project has reached completion.

Multi-Stage Energy Storage System, Chugach Electric Association

ACEP has established data collection protocols with Chugach Electric. Analysis will be conducted once data collection is complete, with the period of performance for Chugach noted to be through December of 2018.

St. Paul Flywheel Demonstration, TDX

This project has reached completion.
